**NONE OF THIS HAS  
EVER HAPPENED.**

Faced with the uncanny and the impossible, Rickert's protagonists are as painfully, shockingly, complexly human as the readers who will encounter them.

"Rickert's latest collection contains haunting tales of death, love, and loss. In stories that are imbued with mythology, beasts, and fantastical transformations, Rickert captures the fanciful quality of regret and longing. . . . Rickert's blend of dark and whimsy is reminiscent of Angela Carter. Perfect for readers looking for something unique, melancholy, and fantastical."

**THERE'S A DOG,  
MAYBE IT'S A GHOST.**

Here is the whisper in the night, the creak upstairs, that half-remembered ghost story that won't let you sleep, the sound that raises gooseflesh, the wish you'd checked the lock on the door before it got really, really dark. Here are tales of suspense and the supernatural that will chill, amuse, and exhilarate.

**MOVING, SUBTLE,  
AND DREAMLIKE**

*Prodigies* explores the story of the poet Novalis's birthplace in the German town of Weissenfels after it is converted into a boarding house. Moving, subtle, and full of wit, irony, and dreams, this novel fills the house with the women who lived there throughout the 19th century, and across the flow of history constructs the secret drama of their destinies.

"It cannot be rushed through or casually scanned. . . . The right audience will have a willingness to savor, to double-back over sentences, to bob along to wherever the author and characters wish to take you." — Carmen Maria Machado, NPR

★ "Rooted in Chabi's voice, the story is spare, fierce, and rich, and readers will care just as much about the delicate, damaged relationship between Chabi and her mother as the threat of world destruction."
